

L&J ENGINEERING PROJECT CASE STUDY

L&J Engineering have run hundreds of projects over the last 15 years. Our case studies represent just a few of the projects, with more to be added from time to time.

Lafarge Cement Works, Westbury

Supply and installation of 150 metres of 200mm stainless steel pipework

Project Description

Supply and installation of 150 metres of 200mm stainless steel Tig welded pipework . L&J repositioned and installed several Atlas Copco compressors and scatted them into position. L&J installed the new dryers and a new cooling water system and designed all of the pipework runs and brackets, etc.
